### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 22 "to claim 22" has been changed --to claim 21--.

Claims 1-9 has been cancelled as per Response to Election Restriction filed on April 15, 2004.

### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or render obvious the claimed combination including: A horizontal sprinkler head for use in fire protection sprinkler systems for metal buildings comprising: a sprinkler body, a deflector arrangement supported from the sprinkler body in horizontally spaced relation to the orifice, the deflector arrangement including a vertical part disposed in line with the sprinkler orifice and a hood-shaped part located above and supported from the vertical part; the hood-shaped part including a horizontal roof portion, two side wall portions extending downwardly from opposite sides of the roof portion at angles to the vertical, and a front wall portion extending downwardly from the front of the roof portion at an angle to the vertical; and the vertical part including a lower portion inclined at an angle to the vertical in the direction away from the sprinkler orifice, a horizontally extending opening above the sprinkler axis between spaced arm portions

supporting the hood-shaped part, and a vertical projection extending upwardly into the horizontally extending opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following patents are cited to show the art with respect to a sprinkler: Loveland, and Whitaker.
